WORK EXPERIENCE

The Oval Partnership

Intern Architect

Hong Kong SAR
JUL. 2024 - Sep.2024

Zhenghong City Commercial Complex, Zhengzhou, China

Participated in form studies in response to the site and generated visualisations to finalise design alternatives.

Wallpaper* China Edition

Intern Editor

Beijing, China
Mar. 2024 - Jun.2024

- Archi-tour

Conducted literary research on Chinese vernacular architecture conservation to help seniors in publicity efforts and coordinate the shooting. Attended a media forum of the Beijing Central Axis world heritage application. Organised and edited architect interviews for regular publication with high-quality content.

Cobe

Intern Architect

Copenhagen, Denmark
Sep. 2023 - Feb.2024

- Falk Areal Freiburg (DD), Freiburg, Germany, Under Construction

Explored innovative local recycled and up-cycled materials to address the sustainable office design. Studied the integration of green facades and drainage systems for functional solutions.

- 115 Saulters Street South high-rise condo (SD), Toronto, Canada

Examined voluminous studies regarding sun analysis and context to assist seniors with concept development. Illustrated diagrams and reports for client presentations and government documentation.

- LSE Bankside House Development Competition (SD), London, UK

Optimising the spatial arrangement for student accommodation and focusing on communal experiences.

China State Construction Engineering (Hong Kong)

Intern Architect

Hong Kong SAR
Jul. 2023 - Aug.2023

- Tseung Kwan O Chinese Medicine Hospital (CA), Hong Kong SAR, Under Construction

Assisted seniors to inspect and manage modular integrated construction (MIC) on-site and studied connection detailing. Organised construction documents from the government and developer.

B.L.U.E Architecture Studio

Intern Architect

Beijing, China
Jan. 2022 - Jul.2022

- "The Roof Space & Yinyan" Collection Space (SD), Hangzhou, China, Completed

Conducted research on context to support site-driven design. Collaborated with suppliers on material testing.

- Aranya Jiulong Lake Resort (SD), Guangzhou, China

Examined floor plans of the hotel to maximise the space utilisation under the building code.

- Yibin Bamboo Sea Resort planning competition (1st prize), Sichuan, China

Evaluated vernacular building techniques and translated them into modern architectural language.
